Hello everyone,

On June 14, 2018, I sent out an email titled the "State of the Station" where I outlined our successes of lowering administrative investigations by 53%, lowering our overall public complaints by 54%, and our rise in public commendations by 19%. I am very proud of these numbers because it reflects the great work you have done, and you should be very proud too. In addition, we did so well as a station managing our budget that in our last month of the fiscal year (June) we were allotted a little extra as a reward for being fiscally responsible. This is in large part because of your efforts in CARPing and managing overtime. Everyone came together and did a fantastic job!

Yesterday, I attended our Division's Crime Management Forum, which is a meeting with the Division chief, commanders and captains. Crime trends and stats are discussed to hold each captain accountable for their respective stations. I am very pleased to let you know that from the rating period, June 1, 2018, through July 2, 2018, Temple Station:

1. Recorded the lowest Part I crimes since the beginning of the year
2. Produced the most arrests than any station in the Division!
3. Deputies made 540 arrests.

I am very grateful for your continued diligence in finding and arresting criminals. I am also very proud of our Summer Enforcement Team who have set a great example of carrying out our law enforcement mission – I look forward to sharing their final numbers with you.

Your actions and work have brought honor to the station, and I am very proud of all you have done. Continue to believe in the work you do. We are facing very challenging times, under tremendous scrutiny, and very often we are not recognized for the work we do, but please take pride in the fact that our communities and loved-ones depend on YOU to protect them. It is a high calling, which we are privileged to have accepted. Work as a team, but act as if your actions alone make the difference in the success of the station. Your efforts and every arrest counts!

Respectfully,

Dave
